

GEM Mini-Workshop on December 8th, 2013
Westin San Francisco Market Street
50 Third St., San Francisco

Last updated: November 2, 2013

Time	Cornell Room 48 seats	Franciscan I Room 91 seats	Franciscan II Room 51 seats	Commonwealth Room ≥ 27 seats	City Room 45 seats	Concordia Room 44 seats	Civic Room ≥ 27 seats
10:30-12:00 PM	ULTIMA Forum on ground-based magnetometers	Radiation Belts and Wave Modeling					
12:00-01:50 PM	ULTIMA Forum on ground-based magnetometers	Radiation Belts and Wave Modeling	Ionospheric Outflow	GGCM-Metrics & Validation	Scientific Magnetic Mapping & Techniques	Tail-Inner Magnetosphere Interactions	Transient Phenomena at Magnetopause and Bow Shock and ground signatures
01:50-02:00 PM	Break						
02:00-03:50 PM	ULTIMA Forum on ground-based magnetometers	Radiation Belts and Wave Modeling	GEM-CEDAR joint session	The magnetosheath	Scientific Magnetic Mapping & Techniques	Stormtime Inner Magnetosphere-Ionosphere Convection	Magnetic Reconnection in the Magnetosphere
03:50-04:00 PM	Break						
04:00-05:50 PM	New Focus Group Proposals - GEM Steering Committee	Special Session: Science and Data Resources of the Van Allen Probes Mission Now Available 1 Year after Launch	GEM-CEDAR joint session		THEMIS software training		Magnetic Reconnection in the Magnetosphere
06:00-09:00 PM	Steering Committee Dinner at Commonwealth Room
