

JRO
International Research
Experience Program

JIREP

Applications 2016

Get the chance to work with staff engineers and scientists on projects related to ongoing research or instrumentation development programs! Given its location, frequency of operation, array system and cluster instrumentation, most of Jicamarca Radio Observatory's research capabilities are unique. Get to know Peru, heir to ancient cultures and rich colonial tradition! This program is offered to junior/senior undergraduate and/or first and second year graduate students and will cover the travel expenses (to and from Lima) as well as a reasonable stipend.

More information, application and recommendation forms are available at our website. Do you have doubts or questions?
Please contact us at jirep@jro.igp.gob.pe

Application deadline: January 31st, 2016

Decision: February 22th, 2016

Starting date: Anytime after May 19th until June 20th, 2016

Duration: 10 weeks!
