

AN HONORS UNIVERSITY IN MARYLAND

Postdoctoral Fellows Program for Faculty Diversity, 2017-2019 **apply.interfolio.com/35094**

Program Description

The University of Maryland Baltimore County invites applications for the UMBC Postdoctoral Fellows Program for Faculty Diversity. UMBC is dedicated to ensuring a diverse, scholarly environment and encouraging outstanding individuals to enter the academic profession. The purpose of the Program is to support promising scholars who are committed to diversity in the academy and to prepare those scholars for possible tenure track appointments at UMBC. We are particularly interested in receiving applications from individuals who are members of groups that historically have been underrepresented in the professoriate.

UMBC will appoint recent recipients of the Ph.D. as Postdoctoral Fellows for a two-year term beginning July 1, 2017. The fellow will receive a starting stipend of \$40,000, health benefits, \$3,000 for conference travel and preparation of scholarly work, office space with computer, library and other privileges at the university. During the two-year term of appointment, the fellow will teach one course a year in the host department. All fellows are expected to be in residence during the academic year and participate in departmental seminars and related activities. Each fellow will be provided teaching and research mentors and specialized professional development opportunities across the campus. The remainder of the fellow's time will be devoted to pursuing research.

Successful candidates for the Program will be selected on the basis of scholarly promise and potential to add to the diversity of the UMBC community. Applicants must have completed their doctoral degree when the term of appointment commences and must be no more than three years beyond receiving the Ph.D. Individuals awarded a Ph.D. from UMBC or currently holding a postdoctoral or faculty position at UMBC are not eligible.

Fields

Applications for study in any field represented at UMBC are welcome. Please specify up to three fields of interest. Applicants with interdisciplinary research interests will be assigned to more than one department/program.

Stipend

\$40,000 a year.

Eligibility

Applicants who will have completed the doctoral degree no later than July 1, 2017 and no earlier than July 1, 2014 are eligible to apply. Preference will be given to U.S. citizens and permanent residents.
