

UNAVCO INTERNSHIPS

UNAVCO, Inc. is a non-profit, university-governed consortium that facilitates geoscience research and education using geodesy. UNAVCO's core sponsor is the National Science Foundation (NSF) with additional sponsorship from the National Aeronautics and Space Administration (NASA), the U.S. Geological Survey (USGS), and the National Oceanic and Atmospheric Administration (NOAA), as well as other public and private sources. UNAVCO employs about 100 people with jobs ranging from engineering to outreach. Our internships run for eight weeks during the summer unless otherwise noted below.

SUMMER 2017 INTERNSHIPS

June 12th through August 4th (RESESS begins May 22nd)

Job Title

Geo-Launchpad

RESESS

Science Video Production

Internal Evaluation Specialist

NAGIOS Code Writer

Geodetics Center Technician

Software Engineer

Description - Length
(academic level)

Develop Research Skills - 8 weeks
(Colorado community college only)

Conduct Scientific Research - 11 weeks
(university junior or senior)

Produce Media for Geoscience - 8 weeks
(undergraduate or graduate)

Assist with Project Evaluation - 8 weeks
(graduate only)

Develop Software for Geophysical Network Monitoring - 8 weeks
(undergraduate or graduate)

Provide Engineering Technical Support - 8 weeks
(undergraduate or graduate)

Develop Software for Resource Tracking - 8 weeks
(undergraduate or graduate)
