

Apply now for Fall 2018: Deadline April 15

Geoscience Policy Program

Helping the geoscience community:

- **Stay informed on policy** with timely news alerts and updates on geoscience-related legislation, federal funding, and hearings
- **Get involved** with tips on communicating with Congress and facilitated congressional office visits

Helping federal decision makers:

- **Connect with geoscientists** working on research relevant to the nation
- **Understand the importance of geoscience** through science policy working groups, congressional briefings, and outreach events

Be a Geoscience Policy Intern!

Join the AGI policy team:

AGI seeks outstanding geoscience and geo-related engineering students with a strong interest in federal science policy for our fall internship.

- **Represent** the geoscience community in Washington, DC
- **Gain first-hand understanding** of legislative processes and the operation of executive branch agencies
- **Hone your writing and web publishing skills**
- **14-week internship, \$5,500 stipend**
- **Start date negotiable**
