

Guarini Dean's Postdoctoral Fellowships in Earth Sciences —Dartmouth College

Dartmouth College invites applications for the Guarini Dean's Postdoctoral Fellowship in Earth Sciences. This fellowship supports a scholar who provides synergy with existing research activities within the department and elsewhere at Dartmouth, including the department's core research areas: earth and planetary evolution, surface processes, and ice and climate systems. In addition, the fellowship promotes student and faculty diversity at Dartmouth, and throughout higher education, by supporting underrepresented minority scholars and others with a demonstrated ability to advance educational diversity. Applicants will be selected on the basis of their academic achievement, promise in both research and teaching, and their demonstrated commitment to addressing racial underrepresentation in higher education.

This is a two-year residential fellowship, with one course taught in the second year. Fellows are expected to pursue research activities while participating fully in the intellectual life of the department and the college. The stipend in each year is approximately \$55,200 plus benefits and an allocation for research expenses (exact funding levels will be set at the time of offer).

Guarini Dean's Postdoctoral Fellows are part of the Provost's Fellowship Program, a multidisciplinary cohort of approximately ten predoctoral and postdoctoral scholars who share a commitment to increasing diversity in their disciplines. Fellows participate together in mentoring and professional development programming, including guidance in preparing for faculty careers.

To learn more about Dartmouth College and the Department of Earth Sciences, visit <http://www.dartmouth.edu/~earthsci>

To submit an application, upload a cover letter, curriculum vitae, statements of teaching and research interests and objectives, reprints or preprints of up to three of your most significant publications, and the name, address (including street address), e-mail address and fax/phone numbers of at least three references to: apply.interfolio.com/55551

Review of applications will begin December 20, 2018 and continue until the position is filled.

Dartmouth College is an equal opportunity/affirmative action employer with a strong commitment to diversity and inclusion. We prohibit discrimination on the basis of race, color, religion, sex, age, national origin, sexual orientation, gender identity or expression, disability, veteran status, marital status, or any other legally protected status. Applications by members of all underrepresented groups are encouraged.
