

Professorial Lecturer
Department of Environmental Science
College of Arts & Sciences
American University

The Department of Environmental Science in the College of Arts & Sciences at American University invites applications for a term faculty appointment for Academic Year 2019–2020. Rank will be dependent on experience and stature in the field. The appointment is a 9-month term position and will commence on August 26, 2019.

Applicants should hold a PhD or other relevant terminal degree. The position will require the incumbent to teach a combination of courses equivalent to 3 courses a semester (two semesters per year). Courses may include, but are not limited to, introductory courses in environmental science, and higher level courses in aquatic, atmospheric, biogeochemical or ecological sciences, depending on the candidate's expertise. Applicants who have experience in programming are especially welcome. All faculty are expected to hold office hours and participate in Departmental, College, and University activities and service. Although not required, term faculty are encouraged to pursue independent research programs incorporating graduate and undergraduate students.

Salary is competitive. Review of applications will begin immediately and will continue until the position is filled, subject to on-going budgetary approval. Please submit applications via: <http://apply.interfolio.com/64224> Include a letter of application, curriculum vitae, three letters of recommendation, and recent teaching evaluations (if available). Please contact Stephen MacAvoy, department chair, 202-885-3003 or macavoy@american.edu if you have any questions.

American University is a private institution within easy reach of the many centers of government, business, research, and the arts located within the nation's capital. For more information about American University, visit www.american.edu.

Established in 2008, the Department of Environmental Science offers both undergraduate and graduate degree programs. Learn more about our program at www.american.edu/cas/environmental.

American University is an equal opportunity, affirmative action institution that operates in compliance with applicable laws and regulations. The university does not discriminate on the basis of race, color, national origin, religion, sex (including pregnancy), age, sexual orientation, disability, marital status, personal appearance, gender identity and expression, family responsibilities, political affiliation, source of income, veteran status, an individual's genetic information or any other bases under federal or local laws (collectively "Protected Bases") in its programs and activities. American University is a tobacco and smoke free campus.
