

UNIVERSITY OF TORONTO
DEPARTMENT OF PHYSICS
Faculty Position in Atmospheric / Ocean Theory

The Department of Physics at the University of Toronto invites applications for a tenure-stream appointment in the area of Atmospheric / Ocean Theory. In this general area, we are especially interested in attracting candidates whose focus is upon the dynamics of the oceans and their role in climate variability and change, including ocean-atmosphere interactions. The appointment will be at the rank of Assistant Professor, commencing **July 1, 2014**.

We seek candidates with a strong background in physics and mathematics and a Ph.D. in oceanography, atmospheric science or the geophysical sciences generally, by the date of appointment or shortly thereafter, with proven or potential excellence in both research and teaching. The new appointee will complement and have the opportunity to interact with existing physics faculty in the Earth, Atmospheric and Planetary Physics group. The research setting of this program at the University of Toronto is further enriched by the existence of the University-wide Centre for Global Change Science as well as the newly established School of the Environment. Computational facilities include SciNet, the most powerful university-based facility in Canada.

Salary will be commensurate with qualifications and experience.

All qualified candidates are invited to apply on-line to:

<https://utoronto.taleo.net/careersection/10050/jobdetail.ftl?=1300956>

and refer to Requisition **ID 1300956**. Applications should include a cover letter, curriculum vitae, teaching dossier (including a statement of teaching philosophy), and a statement outlining current and future research interests. If you have questions about this position, please contact jobs@physics.utoronto.ca. All application materials should be submitted online.

The UofT application system can accommodate up to five attachments (10MB) per candidate profile; please combine attachments into one or two files in PDF/MS Word format. Submission guidelines can be found at: <http://uoft.me/how-to-apply>.

Applicants should also ask at least three referees to send letters directly to the Department of Physics via e-mail to chair@physics.utoronto.ca, by the closing date, December 17, 2013.

Applications will be reviewed beginning December 17, 2013 until the position is filled. Those received by December 17, 2013 will be given first consideration.

We invite prospective candidates to visit our home page at: <http://www.physics.utoronto.ca>.

The University of Toronto is strongly committed to diversity within its community and especially welcomes applications from visible minority group members, women, Aboriginal persons, persons with disabilities, members of sexual minority groups, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply, however, Canadians and permanent residents will be given priority.
