

Agenda

NCAR Fellows Retreat

Friday, Nov. 30th, 2018
10:30 am – 2:30 pm
FL1 - EOL Atrium

Please RSVP for this event so that we can arrange for the right venue and for food appropriately. See the link to a poll in your email message to RSVP.

10:30 am – 11:00 am: Introduction to the Fellows Association

Meet staff, other fellows and learn about association activities (including the Individual Development Plan). (Coffee provided)

11:00 am - 11:30 am: Mock Peer Review Panel Project

Led by Christina McCluskey (ASP)

Interested postdocs will identify a call for proposals at a funding agency of their choice and develop a proposal with collaborators over the next few months.

A panel consisting of postdocs (including the proposal writers) will review the proposals and provide feedback to the proposal authors. The panel will be moderated by a senior PI with review panel experience. This will provide postdocs with experience on both sides of the proposal process, and useful feedback on their proposals. The timeline of this activity will depend on the participants and the respective proposal due dates.

11:30 am – 1:00 pm: Lunch with UCAR/NCAR Leadership

Join UCAR/NCAR lab and program directors members of the NCAR Executive Committee for lunch in the Foothills Lab cafeteria atrium. Take advantage of this chance to connect with the leadership of this institution; share your research and career aspirations.

1:00 – 2:30 pm: Media Training Workshop

Led by David Hosansky and Ali Branscombe (UCAR Communications)

Learn how to talk to the media, whether it be to a newspaper, radio, or TV interviewer, or on social media in a way that conveys your main message and makes it easier to deal with difficult questions. NCAR communications experts David Hosansky and Ali Branscombe will cover critical information on communicating key points in a clear and succinct way, and will hold workshop activities to help give you practice. This opportunity is not to be missed!
