

# Wildfires and Weather

**Lisa Kriederman**  
*Incident  
Meteorologist,  
NWS Boulder*

**Bill Ott**  
*Senior Advisor,  
U.S. Forest Service  
(retired)*

**Thursday, May 28, 2020**  
**6:30 pm Mountain Time**  
**<https://zoom.us/j/95465954953>**

## ***Wildfires and Weather***

*Bill Ott and Lisa Kriederman*

This seminar will provide perspectives on fire weather from U.S. Forest Service senior advisor (retired) Bill Ott who oversaw all the preparedness, mobilization, and suppression activities for management of wildland fires in the eleven national forests located throughout Colorado, Wyoming, South Dakota, Kansas, and Nebraska; and Incident Meteorologist/Fire Weather Program Leader Lisa Kriederman who is often dispatched on a moment's notice to wildfires all around the country, providing onsite weather expertise to help firefighters, emergency managers, and the public make safe and appropriate decisions.

## **American Meteorological Society Chapter Membership:**

Regular annual membership dues are \$20; the student rate is \$10 per year. The chapter uses this income to perform educational and outreach activities including announcements, funding awards at science fairs, and covering the cost of refreshments at monthly chapter meetings. You may pay dues to any of the officers at a meeting.

You can join DBAMS either by attending one of the chapter meetings or emailing us at [amsdenbou@gmail.com](mailto:amsdenbou@gmail.com). Membership is not required to attend the monthly chapter meetings. Please feel free to bring family, friends, and neighbors.

Your support of the DBAMS is greatly appreciated, and we look forward to seeing you at our meetings!
