

Dottorato di Ricerca in Fluidodinamica Ambientale (Ph.D. Program in Environmental Fluid Mechanics) 2007-2009

Università di Trieste

International Center for Theoretical Physics (ICTP), Trieste

Istituto Nazionale di Oceanografia e Geof. Sperim. (INOGS), Trieste

Istituto di Scienze del Mare, ISMAR-CNR, Trieste

Osservatorio Meteorologico Regionale, OSMER-FVG, Visco (UD)

In cooperation with:

Scripps Institute of Oceanography UCSD, San Diego (USA)

Dept. Mechanical and Aerospace Engineering, UCSD, San Diego (USA)

Université de Grenoble (France)

Research Topics:

Turbulence

Physical Oceanography

Meteorology

Bio-fluid mechanics

Hydraulics

Dispersion of Pollutants

Organization:

-Three-year duration

**-9 Courses of advanced
mathematics and Fluid-mechanics
in the first year**

-Open to Italian and Foreign students

**- Up to 1-year research periods abroad
(USA or Europe)**

Contact:

Prof. Vincenzo Armenio (Coordinator)

Dip. Ing. Civile e Amb., Università di Trieste

Tel: 040-558 3472, e-mail armenio@dic.units.it

Deadlines:

Application form due by Sept. 21 2006

Admission exam: November 8-10 2006
