

Assistant Professor at Texas A&M University

The [Department of Atmospheric Sciences](#) at [Texas A&M University](#) is seeking applications for a tenure-track position at the assistant professor level in the field of physical meteorology, with an emphasis on radiative transfer and atmospheric remote sensing. Candidates are sought with research expertise in one or more of the following areas: radiative transfer, atmospheric remote sensing, and applications of remote sensing observations to broader areas such as climate study, physical meteorology, and atmospheric chemistry. A Ph.D. in atmospheric sciences or a related field is required at the time of appointment. Postdoctoral experience is desirable but is not required. The successful candidate will be expected to maintain a prominent research program and to teach courses at the undergraduate and graduate levels.

The Department of Atmospheric Sciences is one of the largest such departments in the U.S., offering degree programs at all levels and research activities across the full spectrum of the atmospheric sciences. Resources available for teaching and research include the [Texas A&M Supercomputing Center](#); the Center for Geospatial Sciences, Applications, and Technology; the [Texas Center for Climate Studies](#); and the [Center for Atmospheric Chemistry and the Environment](#).

The Department of Atmospheric Sciences is part of the [College of Geosciences](#), which also includes the Departments of [Geology and Geophysics](#), [Geography](#), and [Oceanography](#). [Texas Sea Grant](#), the [Geochemical and Environmental Research Group](#), and the [International Ocean Discovery Program](#) are also part of the College of Geosciences. Texas A&M University, a land-, sea-, and space-grant university, is located in a metropolitan area with a dynamic and international community of over 250,000 people. Texas A&M University is an affirmative action/equal opportunity employer committed to excellence through the recruitment and retention of a diverse faculty and student body and compliance with the Americans with Disabilities Act. We encourage applications from minorities, women, veterans, and individuals with disabilities. Texas A&M University also has a policy of being responsive to the needs of [dual-career partners](#).

To apply, please send a CV, statement of research and teaching interests, and names and contact information for at least three references to:

Prof. Kenneth P. Bowman
Chair, Faculty Search Committee
Department of Atmospheric Sciences
Texas A&M University
College Station, TX 77843-3150
Email: k-bowman@tamu.edu

The position will remain open until a suitable candidate is found. Initial review of applications will begin on December 1, 2015.
