[3] Exceptional soccer player, Rio de Janeiro - Brazil;

[4] The second best soccer player ever, Buenos Aires - Argentina;

[5] Other authors' affiliation are placed in the end of the abstract.

Abstract

This is the template of the XIII COLAGE abstract. The presentation type is optional, but you can choose your preference between oral or poster. The Session ID is required: 1 – SWx (Space weather), 2 – ION (Ionosphere and upper atmosphere), 3 – SOL (Solar Physics, Heliosphere, Cosmic Rays), 4 – MAG (Solar Wind, Magnetosphere and Geomagnetism), 5 – PLA (Space Plasma Physics and Nonlinear processes in Space Geophysics). The Serial Number field is for the LOC committee only. The Title of Abstract, Authors (at least one), and Affiliation (at least one) are also required. If the number of affiliations is higher than 5, place it in the end of the abstract. Note that the Title of Abstract and the list of authors should fit in 3 lines. For the title, capitalize the first word and all major words, including the second part of hyphenated major words (e.g., Second-Part not Second-part). All words of four letters or more should be capitalized. The deadline for abstract submission and travel support requests is July 1st, 2022.
