Masters of Natural Resources Environmental Education and Science Communication

Take the Lead

Future scientists, communicators, and educators - complete your graduate degree and gain valuable professional experience, all in on year. Live, learn and teach with us and your classroom ranges from local public schools to the middle of the largest wilderness area in the lower 48. Focus on the following disciplines:

Environmental Education
Leadership
Field-based Teaching

Science Communication
Ecology of Central Idaho
Interdisciplinary Problem Solving

Join A Community

Prospective graduate students from across all disciplines should apply. We value the diversity of thinking that comes from all backgrounds. Our program is inclusive, thus we seek sincere, hardworking, creative applicants who demonstrate a desire to learn and a willingness to facilitate youth programs. Scholarship funding is available to support diversity, equity, and inclusion efforts.

It is U of I policy to prohibit and eliminate discrimination on the basis of race, color, national origin, religion, sex, sexual orientation and gender identity/expression, age, disability, or status as a Vietnam-era veteran. This policy applies to all programs, services, and facilities, and includes, but is not limited to, applications, admissions, access to programs and services, and employment.
