

Biological Opportunities And Training in Sciences (BOATS) Internship Program

Application Window: April 1, 2024 - August 1, 2024
Program Start Date: January 6, 2025
Program End Date: December 19, 2025

The National Science Foundation's Research and Mentoring for Postbaccalaureates program at DISL provides professional development and research training.

It includes rotating internships with government agencies, nonprofit organizations, and academic institutions to prepare students for graduate school and future careers in science.

REQUIREMENTS

- Must complete bachelor's degree between April 2022 and May 2024
- GPA of 3.0 in Science, Math, Engineering, or related field
- Applicants should provide personal statement, CV/Resume, transcript, and 3 references

PROGRAM INCLUDES

- Research with mentors
- Professional development
- On-site housing included
- Excursions
- Stipend

OUR MISSION

For BOATS graduates to apply for STEM jobs or graduate school following program completion.
