

**COOPERATIVE INSTITUTE FOR MODELING THE  
EARTH SYSTEM  
AT  
PRINCETON UNIVERSITY**

**CIMES RESEARCH INTERNSHIP PROGRAM  
SUMMER 2022**

Looking for a summer internship? CIMES is recruiting students for research internships in atmospheric, oceanic and earth system science.

- 8 week paid internship
- Work with scientists at NOAA/GFDL, a world-leading center of earth system modeling, research and prediction
- a stipend of \$700/week and a \$300/week housing allowance for those interns not living at home, and reimbursement for travel from their home institution
- Suitable for students with backgrounds in science, math, computing and/or engineering

**Application Deadline: January 14, 2022**

**First-generation college students and students from underrepresented groups are especially encouraged to apply!**
